14. Assessment and Evaluation

Assessment and evaluation strategies are of vital importance in assessing the learning outcomes achieved by the students. Since its inception, Sikkim University is one of the pioneer institutions of higher learning in the region to have introduced the semester system. In the year 2022-23, the Four-Year Undergraduate Programme (FYUGP) with a multiple entry and exit option was implemented in the university. This programme requires students to earn a minimum of 40 credits each year and a total of minimum 160 credits for a four-year undergraduate degree with Honours/Honours with research. Further, the learning outcome-based curriculum was implemented at post graduate level in the year 2023-24. This new curriculum mandates the students to earn a minimum of 40 credits in a year and a total of minimum 80 credit for the award of two-years master's degree. As per the learning outcome-based curriculum, the students' learning outcomes are assessed through formative and summative assessments. For formative assessments, the students and teachers have the flexibility of choosing an appropriate assessment strategy as mentioned in the curriculum. Summative assessment is conducted by the university at the end of each semester.

14.1 Credit-wise Assessment Pattern for Different Courses

For each course, there are three Formative Assessments (FAs) namely, FA-I, FA-II and FA-III, out of which the scores of two FAs are considered for the final formative assessment marks. The credit-wise distribution of marks for formative and summative assessments are as follows:

Sl No.	Course	Formative Assessment One (FA-I)	Formative Assessment Two (FA-II)	Summative Assessment (SA)	Total Marks
1	04 Credit	25	25	50	100
2	03 Credit	15	20	40	75
3	02 Credit	10	15	25	50
4	01 Credit	5	5	15	25

NB: Certain types of courses such as practicum, skill enhancement courses, field visit etc., may be assessed completely through formative assessment.

14.2 Credit and Grading

A credit is a unit by which the coursework is measured. It determines the number of hours of instruction required per week over the duration of a semester. The number of credit hours varies depending upon the mode of transaction. For example, a one credit in a lecture course in a semester means one hour of lecture in a week. In a semester of 15 weeks duration, a one credit lecture in a course is equivalent to 15 hours of lectures. Similarly, a one credit of tutorial work means one-hour engagement per week. In a semester of 15 weeks duration, a one credit tutorial in a course is equivalent to 15 hours of engagement. But, a one credit course in practicum or lab work, community engagement and services, and field work in a semester means two-hour engagement per week. In a semester of 15 weeks duration, a one credit practicum in a course is equivalent to 30 hours of engagement. The credit structure for each course mentioning credit weightage for lecture, tutorial and practical (L+T+P) are given in the curriculum.

The letter grades and the grade points for each course are given based on the following table.

Marks in %	Grade Points	Grade-Point
95 and above	10	O (Outstanding)
85<95	9	A+ (Excellent)
75<85	8	A (Very Good)
65<75	7	B+ (Good)
55<65	6	B (Above Average)
45<55	5	C (Average)
35<45 (UG) 40<45 (PG)	4	P (Pass)
0<35 (UG) 0<40 (PG)	0	F (Fail)
Absent	0	Ab

14.3 Structure in Bachelor's programme
