The Annual Quality Assurance Report (AQAR) of the IQAC (For Universities)

(For Academic Year 2021-22, Sikkim University)

Institutions Accredited by NAAC need to submit an Annual self-reviewed progress report i.e. Annual Quality Assurance Report (AQAR) to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the IQAC at the beginning of the Academic year. The AQAR period would be the Academic Year. (For example, June 1, 2017 to May 31, 2018)

2. Institutional Preparedness for NEP 2020

SU decided to implement NEP 2020 following the UGC guidelines. In accordance, the following activities were initiated and are in advanced stage of preparedness

- First meeting of the committee for the implementation of National Education Policy (NEP) 2020 was held on 29.09.2021.
- Circulation of relevant documents related to NEP 2020 provided by the UGC to the NEP Committee members for familiarization and consideration (Oct 3, 2021)
- Preparation of NEP 2020 Implementation Strategy through appropriate deliberation (Oct 4, 2021)
- Constitution of several sub-committees by Hon'ble Vice Chancellor to ensure smooth implementation of NEP (05.10.2021)
- It was decided to seek technical support from a consultancy agency in effective implementation of NEP. For the purpose, Centre for Economic and Social Studies (CESS), Bengaluru was chosen and an MoU was signed with the same.
- NEP Core Committee met frequently to discuss the road map and status
 of progress in relation to curriculum design for 4-year undergraduate
 programme, apprenticeship enabled degree programme, participation in
 CUET for admissions, skill and ability enhancement courses, LOCF etc.
- In order to have parity of undergraduate programmes in the affiliated colleges, a meeting was held with the Additional Chief Secretary (Department of Education, Sikkim Government) (15 November, 2021).
- Minimum course curriculum for undergraduate courses under Choice Based Credit System was prepared.
- A Three-Day Stakeholders Workshop on NEP 2020 was organized in collaboration with CESS (8-10 December 2021)
- Adoption of the revised UGC Curricular Framework and Credit System for the design of Four Year Under Graduate Programme.

 $\frac{Part-B}{Criterion\ I\ -Curricular\ Aspects}$ Key Indicator – 1.1 Curriculum Design and Development

Metric	
No.	
1.1.1	Curricula developed and implemented have relevance to the
	local, national, regional and global developmental needs which
$\mathbf{Q}_1\mathbf{M}$	is reflected in Programme outcomes (POs), Programme Specific
	Outcomes(PSOs) and Course Outcomes(COs) of the Programmes
	offered by the University
	One of the prime objectives of the university is to achieve intellectual,
	academic and cultural development of the people of Eastern
	Himalayas.
	In pursuit of the same, our university has so far established 32
	academic departments spread across 6 schools of studies, namely
	the School of Human Sciences, School of Languages and Literature,
	School of Life Sciences, School of Physical Sciences, School of
	Professional Studies and School of Social Sciences. These 32
	departments offers UG, PG, MPhil and PhD programmes. The
	university has around 160 members in the faculty of various
	departments and 2700 students from all over India and overseas
	enrolled in various programmes such as UG, PG, M Phil and PhD
	offered by different departments. In an academic year, around 900
	students graduate from the university. In addition to this, the
	university also produces around 80 M Phil and 70 PhD candidates.
	To keep the curriculum framework on track and at par with other
	academic institutes of eminence, periodic curriculum revisions are
	made inviting experts from prominent academic institutions,
	industries, practitioners, civil society and non-profit agencies. The

curriculum revisions are made keeping in view the recent trends, needs of the future and prospective opportunities. The curriculum also pays due regard to the requirements of the locality and the local community. In fact Sikkim University is the only university in the world which offers post-graduate courses in Bhutia, Lepcha and Limboo languages.

The fundamental premise underlying Curricula Development and Implementation is that higher education qualification is earned and awarded on the basis of demonstrated achievement of outcomes expressed in terms of knowledge, understanding, skills, attitude, critical thinking, reasoning, problem solving and values, and academic standards expected from students of a programme of study. The curricula of a particular course of study have been designed in such a way that a student gains knowledge & skill and also maintain academic standard. Curricula, however is not static, it is dynamic and needs revision / update at a regular interval. Revision of curriculum allows inclusion of new areas of learning in local / regional / international levels which allows students an opportunity to be aware / in conversant with the recent development / progress taking place around the world and in the vicinity in the field of higher learning / research. For instance, Sikkim is considered as the hotspot of medicinal plants, herbs and hot water lakes. Our syllabi in Botany, Horticulture, Microbiology, Chemistry focuses among others, on these specialized local areas which provides them an opportunity to learn/study about their own surroundings.

A committee has been constituted to plan and realize Programme outcomes (POs), Programme Specific Outcomes(PSOs) and Course Outcomes(COs) of the Programmes offered by the University which is also mandated by the NEP 2020.

Key Indicator - 2.2 Catering to Student Diversity

The institution assesses t	he learning levels of the students and									
organises special Program	mes for advanced learners and slow									
learners										
The evaluation process invo	olves continuous assessment in the form									
of periodic sessional tests for both theory & practical courses,										
seminars and other academic activities. This facilitates										
differentiation of levels of lea	arning in the class. Based on this specific									
measure are taken to help	the needy students, which include extra									
classes, tutorials, bridge co	urses etc.									
Students are also encourage	ed to participate in diverse state/national									
level competitive examinati	ions for which the university organizes

Metric	
No.	
2.3.1	Student centric methods, such as experiential learning,
$\mathbf{Q}_1\mathbf{M}$	participative learning and problem-solving methodologies are
	used for enhancing learning experiences
	In almost all the UG/PG programs offered by various Depts. of the
	University, significant portion of the credit of the total credit assigned
	is earmarked for Internships, project work/dissertations, field work
	and study tours.
	These key aspects have been incorporated in the curriculum for
	inculcating problem-solving strategies and motivating students to
	participate in collaborative learning through experiential and
	experimental approaches.
2.3.2	Teachers use ICT enabled tools including online resources for
$\mathbf{Q}_1\mathbf{M}$	effective teaching and learning processes during the year

		tion and reforms in the examination procedures and
$\mathbf{Q}_1\mathbf{M}$	_	(continuous internal assessment and end-semester
		t) have brought in considerable improvement in
	examination	on management system of the institution
	The Univers	sity follows semester system with continuous evaluation
	through in	ternal and end semester assessments. Question paper
	setting, Mo	deration and Evaluation for each semester are assigned
		rom both within and outside the University ensuring strict

confidentiality and quality. Results are tabulated in both absolute marks and CGPA.

Following reforms were made in the process

- 1. Double entry of marks to avoid typographical errors.
- 2. Scrutiny of all evaluated answer scripts by experts.
- 3. Use of software to prepare exam routine to ensure no overlaps in dates.
- 4. Use of software to generate packing list for question papers to ensure optimum quantity and reduce wastage.
- 5. Flying squad (surprise visits) to exam centers during examination.
- 6. Maintenance of all records in hard copy and soft copy.
- 7. Online email support to students/faculty for technical assistance.

IT Enhancements

- 1. Use of Examination Software for before, during and after exam works.
- 2. Online portal for all constituent departments and affiliated colleges for entry of internal marks
- 3. Online declaration of results
- 4. Online Examination/Reevaluation Form
- 5. Online Student Registration
- 6. Online fee payment through payment gateway
- 7. Online Hall ticket generation
- 8. Online Student Applications for issue of revised/duplicate mark sheets, revised/duplicate/provisional degree certificate, revised/duplicate registration certificate and transcript

All the academic Departments of the University are required to nominate one departmental representative to assist the SUSA Executive Committee in its functioning in accordance with the SUSA Constitution. She/he shall bring forth the grievances and concerns of the students to the Executive Committee.

SUSA makes efforts to promote, develop and recommend educational activities, and assists in development of overall academic ambience of the university conducive to the diverse needs of the society. SUSA has a representation in the academic council, where they have the opportunity to contribute to the holistic academic enrichment.

The SUSA is in relentless pursuit to promote social, cultural, sport and recreational activities, forums and other rhetorical activities to enhance student life. SUSA also actively contributes towards the welfare of the society while recognizing essential role of the students in building of the society and high moral values as well as cultivating environmental awareness for the conservation of nature.

SUSA also aims at promoting cordial relations with members of other Universities, Institutions and affiliated Colleges which are deemed necessary.

Key Indicator – 6.4 Financial Management and Resource Mobilization

AQAR Report 2021-22 Metric No. Institutional strategies for mobilisation of funds and the optimal 6.4.1 utilisation of resources * Q_1M The University is governed by the special Act of Parliament i.e. Sikkim University Act, 2006. The primary and major source of fund received by the University is from University Grants Commission through approval of Ministry of Finance. The University receives grant under the following heads: Salary Recurring Capital The UGC approves budget of the University through Annual Allocation, a copy of Annual Allocation is enclosed as Annexure I for vour kind reference. The University prepares its own budget and revised budget expenditure every year and gets approved from its Governing Bodies. The utilization of funds is made as per the approved budget and the utilization certificate is submitted to the UGC on quarterly basis during the financial year. All the expenses are incurred by following the guidelines prescribed in the sanction order incurred in the provisions of the Act/ Statute/ Order/ General Financial Rule/ Central Vigilance Commission/ other relevant Government rules and regulations. In addition to the grants received from the UGC, the University too generates some income out of its academic activities and other

income incidental thereto. These internal revenue generation is also

accounted for in the utilization certificate furnished to the UGC

under recurring head.

The whole funding of the University is completely governed by the Grants of UGC.

Further UGC issued guidelines to follow on creation of Reserve / Corpus fund to the universities, and the University has been following the same.
